(McKnight, 2008)

LRC User Surveys, 1993 - 2009

The first LRC user survey, 1993

Aware that students were experiencing problems finding books and journal articles

Required quantitative statistical evidence that could be presented to the University Executive Team. Information needed to be robust so used an external company, Priority Research.

Required qualitative evidence that we could use as managers to improve library services. Information gathered through Focus Groups

Give the students a voice

Results of the 1993 Survey

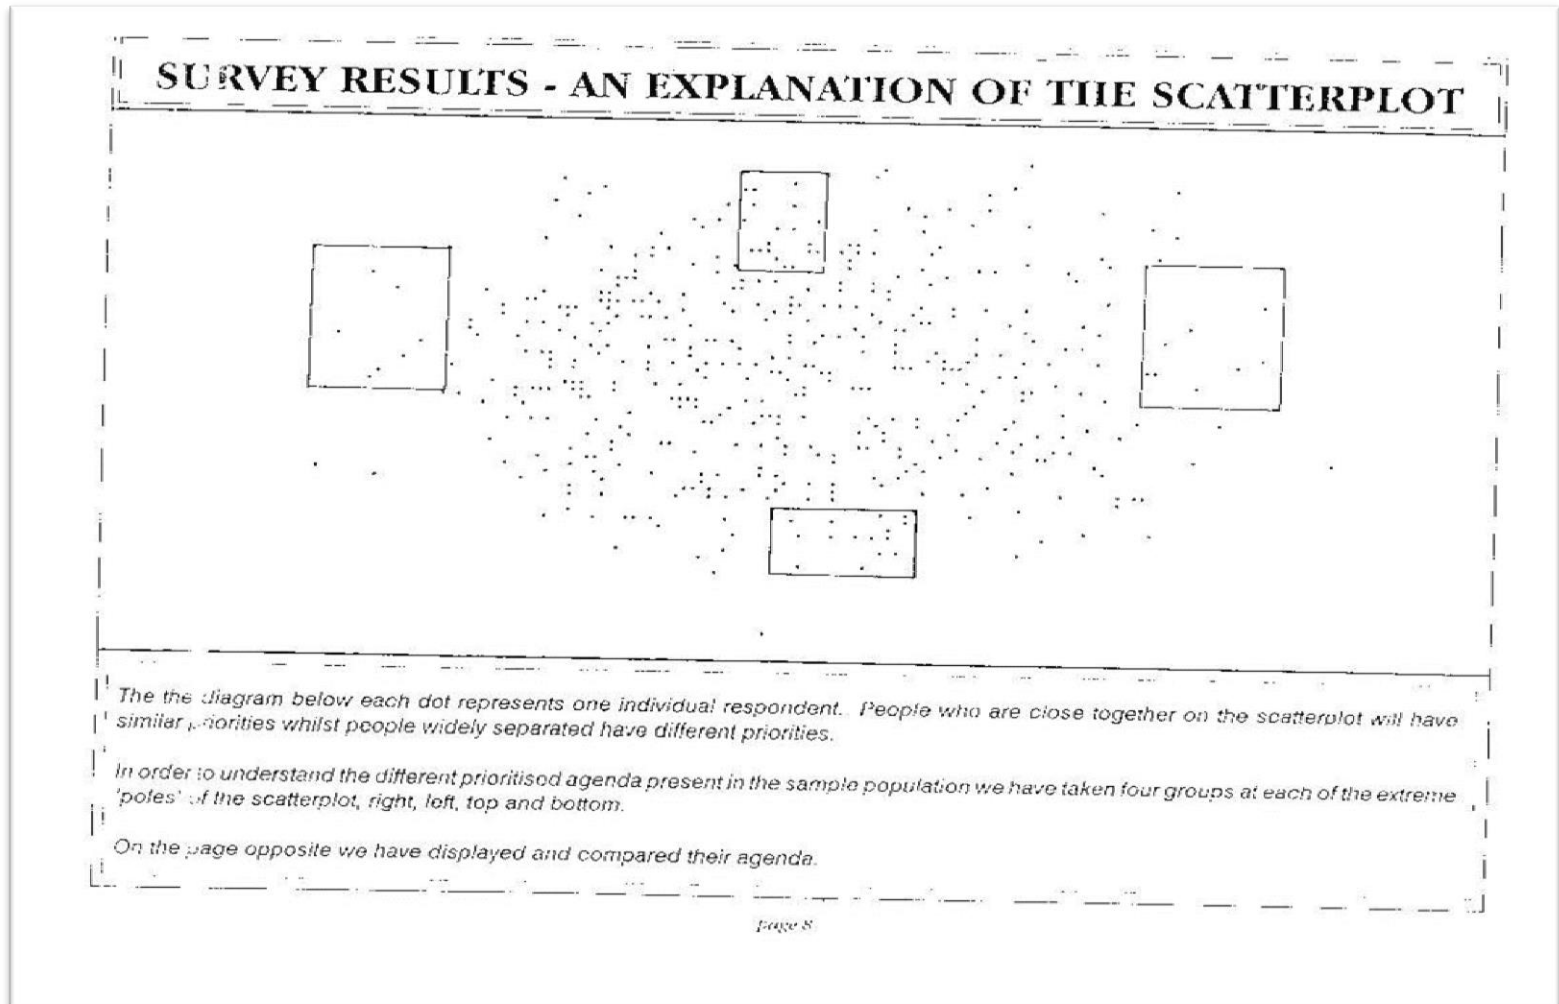

Top 10 issues - top 4 were book-related

Satisfaction ratings for library services

Identification of micro communities

Focus Group information

Scatterplot (1993)

Identification of micro-communities (1993)

What changed as a result?

Report to Executive requesting additional library funding

Strengthened commitment to service improvement on the part of all library staff

Numerous changes made as a result of Focus group comments

Priorities for the future - 1993

1. Ensure we have current editions of books in stock

2. Make sure all books in catalogue are on shelves

3. More copies of core course text books

4. Teachers and librarians link to ensure right books

5. Drop point in library for quick return of books

6. A bigger library to accommodate more students

7. Improve the photocopying facilities

8. Each subject to have its own area

9. Let students borrow journals on short loan

10. More work space in the library

Priorities for the future, 2009

Overall

Base 2065

Q5. Part-time

What happens now?

Further analysis of the survey data will be carried out including the response from each school/subject area and the information reported to Student Staff Consultative Committees and other University Committees. These reports also inform the Library Services planning for 2006/07 and we have already begun to make changes to facilities and services in response to your priorities:

- **Additional copies of core texts and a wider range of books, journals and electronic information resources**
We will continue to increase expenditure on information resources. An additional £350,000 has been added to the budget for 2006/07. This has allowed us to update the collections to make sure we have the right books. As part of this process, copies of older books no longer in use will be withdrawn and replaced by new editions and up-to-date electronic resources.
- **More computers / a quiet computer study area**
Additional computers have been installed in the silent area on the 1st floor of the Kingston Hill LRC. The extension at Kingston Hill, which will open in September 2007, will provide an additional 300 study places and over 150 additional PCs. The third floor of Penrhyn Rd LRC which contains a number of networked computers has now been re-designated a silent area in response to student requests.
- **Self-service borrowing and return**
Self-service issue and return units have been installed in Penrhyn Rd and Knights Park LRCs and will be installed in the near future at Roehampton Vale and Kingston Hill. Books can now be borrowed and returned throughout the day and night without the need to queue.
- **Open 24 hours at all sites / Longer opening hours at weekends**
We currently provide 24 hour opening at the two largest LRCs and we are looking at ways in which we can incorporate additional services at these locations for students based at other campuses. We are considering ways in which we can provide specialist software, copies of core texts and access to digitised material via Blackboard.
- **More core texts available on-line as e-books**
It is Library Services policy to purchase electronic versions wherever these are available and we have purchased several including Safari e-books and FORENSICHEBASE. Following copyright licensing regulations, Kingston University is now extracting UK published books and journals and making them available to students via Blackboard (or similar VLE) and we are currently reviewing the amount of material available in this way.

More computers / a quiet computer study area

Additional computers have been installed in the silent area on the 1st floor of the Kingston Hill LRC. The extension at Kingston Hill, which will open in September 2007, will provide an additional 300 study places and over 150 additional PCs. The third floor of Penrhyn Rd LRC which contains a number of networked computers has now been re-designated a silent area in response to student requests.

Self-service borrowing and return

Self-service issue and return units have been installed in Penrhyn Rd and Knights Park LRCs and will be installed in the near future at Roehampton Vale and Kingston Hill. Books can now be borrowed and returned throughout the day and night without the need to queue.

Open 24 hours at all sites / Longer opening hours at weekends

We currently provide 24 hour opening at the two largest LRCs and we are looking at ways in which we can incorporate additional services at these locations for students based at other campuses. We are considering ways in which we can provide specialist software, copies of core texts and access to digitised material via Blackboard.

We are looking at the pattern of weekend opening and will see whether any adjustments are required to meet student needs.

Improved photocopying and printing facilities

We have reviewed our printing and photocopying facilities and plan to upgrade them as soon as possible.

Congratulations to our two prize winners who will be chosen for £250. The undergraduate prize was won by a student on the BA in Business Management course. The prize winner is studying for a Masters in Law.

2007 LRC User Survey
What you told us

Student Feedback - Improving the LRCs

In addition to the information we receive through the annual LRC User Surveys, we also analyse the student feedback on LRC services provided through the National Student Surveys, Student Forums and Student/Staff Consultative Committees. A number of additional areas for improvement have been identified including the extension of our WiFi network, recording onto DVD, second-hand book exchange and availability of specialist software in the LRCs.

and finally....

Thank you to everyone who helped with this survey.

Information Services

Student Feedback - Improving the LRCs

In addition to the information we receive through the annual LRC User Surveys, we also analyse the student feedback on LRC services provided through the National Student Surveys, Student Forums and Student/Staff Consultative Committees. We welcome all feedback so please do get in touch with any issue or comments that you have.

Other changes that have taken place include:

New photocopiers at all LRCs to allow faster and more efficient copying.

StudentSpace has been redesigned to be more user friendly. All key systems, StudySpace, StudentSpace and OSIS now have a similar look and feel.

Access to e-resources has been simplified. Access is available through StudentSpace without needing an Athens ID.

A new search facility is available '360 search' which cross-searches a range of databases and journals.

We have continued to introduce self-service solutions to enable students to access services remotely and overnight.

Refurbishment work has taken place on the ground floor, 2nd floor and 3rd floor at Penrhyn Rd.

Other improvements that are coming soon include:

Electronic payments for photocopying

MAC computers

AND FINALLY...
THANK YOU TO EVERYONE WHO HELPED WITH THIS SURVEY.

2008 LRC User Survey Results

What You Told Us

go.kingston.ac.uk

One to one interviews

Attempt to contact non-users

Same questions as the focus groups

Over 100 1-2-1 interviews took place in 2009

Comments received on a wide variety of topic areas

Even from a sample of 25 at one campus, there are obvious micro communities

Space and building

- Like ground floor new look
- More group space (x2)
- I think it would be useful to have group rooms separated from the computers area
- Turn group study area on 2nd floor into quiet study
- Seminar rooms should be available after 9pm (during 24hr opening)
-need more silent zones

Why do you use the LRC?

Silent area for revision,
group areas for group
work, books and
computers

Research, studying,
group work. Only fun
thing on campus, only
place to go, easy
meeting place

Printing, video library,
vending machine

Get books at start of
module, for group work,
to pick up the River

Peaceful work
environment, wireless
network, computers,
printing

Studying, socialise

Books, staying
overnight, printing

Comments box

The use of surveys such as these are extremely encouraging as it ensures students' voices are heard.....However, as far as the LRC is concerned.....

I would like to see more copies of textbooks and 24 hour opening to take place in October!!!!

No comments I'm happy with the friendly atmosphere in Kingston hill

Section C. Page 1 of 1.

0%  100%

C. 2009 Theme - E-Books

Q23. Do you use e-books?

- Yes
- No

Q24. If both an e-book and a print book
(Select one only)

- E-Book
- Print book
- Either
- Not applicable

Q25. Where do you normally access e-books from? (Select one only)

- Campus computer
- Home computer/laptop
- LRC computer
- Mobile device
- Other
- I have never accessed e-books

Gather a lot of information about a unique area

Compare with national initiatives

Stability of questions vs new areas

Review

Review

Success stories

- Substantial improvements to services and resources
- 15% increase in satisfaction ratings from 2004 to 2009
- Information on students' use of LRCs and learning tools
- Closer working with Faculties and central departments

Challenges

- Improving quality? improving satisfaction?
- How representative are surveys?
- Limited opportunities to benchmark
- Survey fatigue

Improvements to service

Substantial increase to stockfund budget over last 5 years

Introduction of 24-hour opening

Self-service issue and return

'Environmental' improvements to all 4 campus LRCs

Increased number of PCs

Improvements to printing and photocopying

Satisfaction rates 2004 - 2009

Students use of learning technology

Help us improve our services and resources

By completing this survey you will be helping Information Services to identify priorities for improvement in our services and resources for students and staff in the LRCs. This questionnaire includes 32 short questions and will take about 10 minutes to complete and the information you provide tells us what is most important to you, helping us to shape and develop our environments, services and support to meet your needs.

Please complete the questionnaire by the end of March
